INDEPENDENT STOCKBROKERS
SINCE 1893

PILLING & Co STOCKBROKERS

Pilling & Co is proud of the firm's independence in offering skilled Stockbroking and Investment Management Services over three centuries. Our head office is named after our founder, Henry Pilling, who launched the firm in 1893. We offer a professional and friendly service to clients around the world and were pleased to receive our fourth award in the last seven years from the Investors Chronicle who's readers voted us the UK's "Best Execution Only Stockbroker" in 2007 for "Customer Service".

We pioneered Personal Equity Plans (PEPs) and their replacement Individual Savings Accounts (ISAs), and also defined the development of this special market nationally. Our expertise in PEPs and ISAs now covers Child Trust Funds (CTFs) and also "self-invested" Personal Pensions (SIPPs) of which many clients have already taken full advantage. However, we do not just give you sound information to enable you to choose your own investments, all administered by us, we also offer Investment Management and Discretionary services.

HENRY PILLING HOUSE
BOOTH STREET, MANCHESTER M2 4AF

Our aim is to help you achieve your investment goals with the minimum of fuss. This is why we offer an unrivalled telephone service where calls to Pilling & Co go directly to experienced staff.

The main number **0161 832 6581** is answered by qualified stockbrokers who have immediate access to the markets and can normally deal for you instantly. We also have a direct line **0161 819 4850** to our CTF administration department to save you annoying call transfers. This makes your phone call shorter and means your needs are dealt with more efficiently.

We find this the best way of giving you an efficient service, particularly when rapid market movements mean a surge of calls. In volatile market conditions the ability to trade instantly is critical, which gives Pilling clients a major advantage. We pride ourselves on our ability to answer promptly, even in very busy periods.

Your Questions Answered

Q. What is a CTF?

A. A CTF is a savings and investment account for children born on or after the 1st September 2002.

Q. What types of CTF do Pilling offer?

A. We offer two types of CTF, a non-stakeholder CTF and a Stakeholder CTF.

Q. What is the difference between the two types of CTF?

A. The non-stakeholder CTF allows the registered person (the person with parental responsibility for the child) to make the investment decisions for the funds in the CTF whilst the Stakeholder CTF is run on a discretionary management basis by Pilling & Co. The qualifying investments in a non-stakeholder CTF are more wide ranging and the charges are different from those of a stakeholder CTF. (See charges section on pages 12 & 13)

Q. Who can open a CTF?

A. A CTF application can only be made by a person aged 16 or over. Therefore a child cannot apply to open their own CTF until at least 2018. The person with parental responsibility for the child can apply to open the child's CTF, and could be: -

- the child's natural parent,
- a person who has legally adopted the child, or
- a person who has been granted legal authority by the Courts.

Q. How much will the government put in to the CTF?

A. The amount of the government contribution will depend on the date of the child's birthday and the individual child's circumstances. All eligible children will receive an initial government contribution. For children who are in the care of a local authority on 6 April 2005, or who are taken into care after that date without a child benefit claim having been made, the initial contribution is referred to as a special contribution.

Q. How does the government contribute to the CTF?

A. The government will send the person with parental responsibility for the child a voucher. This voucher should then be sent to ourselves together with a completed application form. This enables us to apply to HMRC for the money to open the CTF. We cannot accept vouchers after their expiry date.

Q. Will the government put in an amount each year?

A. No, they contribute in the first year and may contribute further when the child reaches 7 years old.

Q. Can additional contributions be made?

A. Yes, family, friends, local authorities and charities can contribute up to **£1200 each year** to the fund. The first subscription year starts on the day the CTF is opened and ends the day before the child's next birthday. Immediately after the child's birthday another £1200 can be contributed and so on in subsequent years between the child's birthdays.

If contributions are made by family or friends they are deemed to be a gift to the child and cannot be repaid to the subscriber at a later date.

Q. How can these contributions be made?

A. Contributions can only be made by cheque or direct debit (form enclosed). The minimum payment is £10. You can contribute a lump sum or by monthly instalment.

Q. Can payments be back dated if all the £1200 is not used in an earlier year?

A. No, unfortunately any subscription limit not used in any year is lost and cannot be used in future years.

Q. What investments are allowable in a non-stakeholder CTF?

A. You can buy Qualifying shares officially listed on any recognised stock exchange. Qualifying Investment Trusts, Unit Trusts, Open Ended Investment Companies and UCITS are allowed. You can also buy Gilts, PIBs, Bonds, Convertibles and Preference shares. Extra charges may apply to some overseas stocks so you should check with us before dealing.

Q. What's excluded from a CTF?

A. Shares on the AIM and PLUS markets, Options, Futures, Nil-Paid Shares,

Warrants and shares in unquoted companies are excluded.

Q. Who chooses the Investments?

A. For a Stakeholder CTF all investments are made by Pilling & Co under a discretionary management arrangement. For a non-stakeholder CTF you make the investment decisions and you can trade as often as you wish, although there may be some restrictions on certain investment choices, (ie high risk stocks may not be allowed).

We try to make sure the investments you choose for your CTFs are allowed. However, we do not accept any tax consequences and/or liabilities of any kind should we later find that, whatever the reason, you have chosen non-qualifying or unsuitable investments.

Our Investment Managers will be happy to provide more detailed personal analysis of your investment portfolio once you return our "Client Agreement." Details are available on request.

Q. What are the tax benefits?

A. Income and gains generated by CTF investments are exempt from income tax and capital gains tax. Also, income generated from additional subscriptions to the CTF does not count towards the subscribers income. Please note income cannot be withdrawn from the CTF.

Q. Do you deal "instantly?"

A. Yes, for a non-stakeholder CTF we will deal for you as soon as possible and you can often hold on the telephone while your deals are being done.

For a Stakeholder CTF we invest your cash on set days in our discretionary fund. (See Stakeholder Discretionary Section on pages 9-11)

Q. Can I transfer shares held in my own name into a CTF?

A. Sorry, this is not allowed. However, you may use shares to fund the CTF by carrying out a "Bed & CTF". We sell the shares and then transfer upto £1200 of the proceeds into the CTF. In a non-stakeholder CTF you may then buy the shares back into the CTF providing they are a qualifying investment. You may also buy different shares in the CTF from those you sell. We need your share certificate(s) and a signed CREST transfer form for each holding before proceeding. (see below and the "Charges Section" on pages 12 & 13).

Q. "Bed & CTF" - any special costs?

A. As "arm's length" deals, you pay the market-maker's "turn" - ie the spread between the selling and buying prices goes to the market-maker. (We can often reduce this for you). You also pay 0.5% Government stamp duty on most purchases.

If the same holding is sold and then bought straight away in the non-stakeholder

CTF, you pay no commission on the sale and you just pay our normal rates on the purchase. If you do not buy the same stock in the CTF as the stock you are selling, then you pay a nominal charge of £10 per sale as well as the normal purchase commission. Any sales made in this way could have capital gains tax (CGT) implications.

Q. May I leave the CTF in cash?

A. Yes, cash is a qualifying investment for a CTF, but you may only do this in our non-stakeholder CTF .

Q. Do you pay interest on cash?

A. Yes, providing base rate is above 1%, we will credit the account every year, our rate will be no lower than 1% below base rate at the time. Our current rate is available on request.

Q. How is my money held?

A. Your cash is always held in accounts segregated from our own, and only in banks which are authorised and regulated by the FSA. Your money will be held by the approved bank(s) in a pooled account with other clients' money and will not therefore be separately designated with your name. In the unlikely event of the failure of the approved bank resulting in an unreconcilable shortfall, clients may share in that shortfall in proportion to their share of the cash in the pool.

Q. How are dividends dealt with?

A. Dividends are credited to the CTF plan. If there is any tax due from interest payments on gilts for example, we will reclaim this from the Inland Revenue and add this to the plan.

Q. Can income be paid out of the CTF?

A. No, withdrawals of any kind can only be made by the child at aged 18 or over.

Q. Can I close the CTF?

A. A CTF can only be closed for the following reasons :-

- on the death of the child,
- on the child reaching their 18th birthday, or
- on direct instruction from HMRC (where the CTF is void).

A CTF cannot be closed because the child has become non-resident in the UK. Further subscriptions can be made to the CTF although the child may lose entitlement to further government contributions.

Q. Can I transfer a CTF to Pilling?

A. Yes, we make no charge to receive CTFs from other managers. However, a child must only have one CTF provider and their CTF must be either non-stakeholder or stakeholder, not a combination of both. (See application and transfer form at the back of this brochure)

Q. Can I switch between non-stakeholder and stakeholder?

A. Yes, we can carry out an internal transfer, however the criteria for qualifying investments are different and your investments may have to be sold and reinvested into qualifying investments. (see application and transfer form)

Q. Can I transfer my Pilling CTF to another provider?

A. Yes, upon receipt of your new CTF providers signed transfer form we will transfer either a stakeholder or non-stakeholder CTF to a new manager of your choice. However, we will only transfer a CTF in the form of cash so any investments will have to be sold. (See charges section pages 12 & 13)

Q. How are my CTF investments registered?

A. Through CREST, where available, in our nominee "St Anns Square Nominees Limited"(SASNL). The child is always the beneficial owner of the investments. They are never part of Pilling & Co's assets nor, indeed, of the nominee company's assets. There may be occasions when identical stocks are pooled together within Crest, at another custodians or at unit trust managers, as one block under the title of SASNL. These cannot then be attributable to any individual client and ownership will be evidenced by an electronic bookkeeping entry at Pilling & Co instead of a physical certificate. In these circumstances you are warned, that in the unlikely event of an unreconcilable shortfall after the failure of a custodian, clients may share in that shortfall in proportion to their original share of the assets in the pool.

Q. Are my investments secure?

A. Yes. Pilling & Co accepts absolute responsibility for St Ann's Square Nominees Limited. Your investments are not only protected under the Financial Services Compensation Scheme (FSCS), but, with the security of Pilling clients in mind, we also maintain additional professional financial risk insurance to cover the changing level of turnover in our business. If your investments must be held by a third party, we will use our best endeavours to make sure that only recognised and well-respected financial institutions are used. There may be further risk with non-UK based custodians because of different settlement, legal and regulatory requirements. In some cases dividend payments may be briefly held in a custodian's overseas bank account before payment is made to Pilling & Co. However, we do not accept responsibility for such third party safe custody obligations.

Q. How do you deal with "Corporate Actions?"

A. For a non-stakeholder CTF we write to inform the registered person of any action affecting the investments including conversion and subscription rights, takeovers and similar offers. We process any capital reorganisations, demergers etc. You may only take up rights issues and open offers in a CTF if you have cash in the plan, or can add new cash. If you do not have enough cash, then the funds must be raised inside the CTF. Rights and open offer entitlements can not be

taken up outside the CTF. Where investments are pooled, entitlements are allocated on a "pro rata" basis and are rounded down to the nearest whole unit.

You must give your clear instructions (preferably in writing) direct to the Pilling CTF Department by the requested date. We can accept no responsibility whatsoever for any resulting losses or liabilities.

Q. Can I borrow against my CTF?

A. No. The child must always remain the beneficial owner of the CTF investments. They may not be used as security for a loan.

Q. Do I get a valuation and statement?

A. Yes. At no extra cost, we send you an annual statement and valuation no more than 61 days before or after the child's birthday.

Q. Can I have Company Reports and Accounts?

A. Yes. We can arrange this but, to keep down costs, we suggest you get these from the Company Registrars direct.

Q. Do I have the same rights as an ordinary shareholder?

A. Yes. By negotiation, we can arrange for you to attend company meetings, to vote and to receive any other relevant information that is sent to share or unitholders direct.

Q. Can my CTF be "voided"?

A. Yes. We regret that if your plan fails the provisions of the CTF Regulations, it may have to be cancelled ("voided") and we will tell you as soon as possible. However, this is a rare occurrence and we make every effort to ensure this does not happen.

Q. Does Pilling administer its own CTFs?

A. Yes. All our CTFs are administered "in-house" by our own staff and we never delegate our CTF role to a third party.

Q. Can the investments be sold without my permission?

A. We reserve the right to sell or realise any investment in the CTF which we are holding on your behalf in order to meet any fees or liabilities you may have incurred to us. No sales will be carried out before reference to the registered contact first.

Q. Can I open a CTF for my child born before the 1st September 2002?

A. No. However, Pilling & Co have recognised this dilemma for parents and have created a "**Shadow Stakeholder CTF**". This allows you to invest the same amount (or more) for your other children. Like the Stakeholder CTF, it will be invested in the same fund at the same terms as the CTF.

Stakeholder Discretionary

Q. Do you only offer stakeholder CTFs on a discretionary basis?

A. Yes, if you wish to make your own investment decisions you need to open a non-stakeholder CTF.

Q. If I elect for a stakeholder CTF how will you invest the money?

A. Pilling & Co invest monies via a discretionary management facility. That is to say we decide on your behalf how to invest CTF money to provide a suitable risk and reward solution. All of our discretionary managed stakeholder CTFs will have the same approach until lifestyling (see page 11) takes effect at age 13.

In choosing our risk/reward profile we have taken into account the guidelines set out by the government in its information to stakeholder CTF providers. This means that investment can be made into equities, both in the UK and overseas, as well as proportions of cash and bonds, both corporate and government-issued, within a single priced fund. Pilling & Co's investment managers will decide how this investment process is to be styled, whether it be via a single fund or multiple funds.

Pilling's Investment Managers are currently allocating 100% of CTF monies to the Baillie Gifford Managed Fund. We provide details below to explain the nature of this investment and background performance.

Fund Aim

Aims to achieve above average returns over the long term by investing worldwide in securities in any economic sector. The Fund will be diversified by holding different asset classes, by investing internationally and by holding companies operating in a wide range of industries. The portfolio will also have holdings in some medium and smaller sized companies as well as the largest 'blue chips'. A portion of the Fund may be invested in derivatives, both for investment as well as hedging purposes.

About Baillie Gifford

Baillie Gifford is one of the UK's leading independently owned investment management firms. It is owned and run by 33 of its senior executives who operate as a partnership, a structure which has endured for almost a century and which provides stability for clients and motivation for employees. It enables them to manage the business for the future as well as the present, with the emphasis on genuine long-term thinking rather than short term targets.

As at 31 March 2009 their assets under management exceeded £40 billion (US\$58 billion), a sizable figure but one achieved by steady organic growth rather than being artificially inflated by merger or acquisition. More important is their ability to sensibly manage and support the needs of their clients.

At the heart of the firm is their investment approach, something which incorporates the development of people as well as philosophy and processes. They are active managers and are prepared to back their judgement in the composition

of portfolios and their management. For their holdings they seek well-managed businesses where sustainable competitive advantages can be demonstrated.

Q. What is lifestyling?

A. Lifestyling is the requirement for a stakeholder CTF to be switched into lower risk investments when the child reaches age 13. It is designed to protect the value of the fund over the last few years before the child reaches age 18.

Q. How often do you deal in the stakeholder CTF?

A. We generally deal twice a month to invest new contributions and to sweep up any cash on the account into the fund. In the event of a large number of contributions arriving shortly after investment day we may, at our discretion, add additional investment days to invest those new funds.

If we decide to switch funds or diversify into additional funds under the discretionary arrangement, then this may result in extra deals in that particular month.

Q. Will I know when deals are being carried out on my stakeholder CTF?

A. Investment decisions will be made without prior reference to you. However, you will receive an annual statement showing any transactions made in the CTF so you can always see what is going on with the account.

Q. Can I cancel the discretionary agreement?

A. Yes, you must give us written notice to cancel the agreement and stipulate if you wish the investments to be sold. Your CTF will automatically be transferred to a non-stakeholder CTF with Pilling & Co (which will incur different charges and investment parameters) unless you ask us to transfer it to another CTF provider. If you elect for a stakeholder CTF on our application form you are agreeing to these terms and conditions under a discretionary management agreement.

Charges

Non- Stakeholder

Q. What are the annual costs of a non-stakeholder CTF?

A. The annual cost for the non-stakeholder CTF is only £13.50 per security (two processed dividends of £6.75). In the event of your investments not paying two dividends during any 12 month period, we reserve the right to charge the equivalent of two processed dividends of £6.75.

Q. What are the standard dealing charges for a non-stakeholder CTF?

A. With a minimum of only £10, our commission per deal is 1.65% of the first £10,000 value and 0.5% thereafter on any excess. We must charge you Government stamp duty at 0.5% of the value when buying shares, preference stocks and convertibles.

Q. Any commission on unit trusts/OEICS deals?

A. Generally no commission is charged as we are paid commission by the fund managers. If the commission is less than our £10 minimum, then £10 commission will be charged. The commission normally received from the fund manager will be forfeited to buy extra units for you. Sales are charged at standard dealing rates as above. As we are regular investors in these funds we normally obtain discounts from the managers which we pass on to you.

Q. Are there any extra charges on overseas securities?

A. Whenever possible we trade and hold overseas securities through Crest and although the handling costs are higher than UK securities, Pilling & Co absorb the fees and no extra charge is made.

However, if you choose an investment which cannot be traded or held via Crest and a third party has to be used, the cost incurred will be passed on to you. This currently is £50.00 per trade and £50.00 annual holding fee.

Stakeholder

Q. What are the annual costs of a stakeholder CTF?

A. The annual cost for the stakeholder CTF is a maximum of 1.5% of the value per annum. This is charged within the fund the CTF is invested in and will not show on your Pilling statement.

Q. What are the dealing charges for a stakeholder CTF?

A. No commission is charged on the purchase in the stakeholder CTF as we are paid commission by the managers. There is no commission charged when sales are made to switch funds under the discretionary agreement. Sales to facilitate a transfer to another provider will be charged at our normal rate of 1.65% on the first £10,000 and 0.5% thereafter with a minimum of £10.

IMPORTANT NOTICE

PLEASE READ CAREFULLY

Pilling & Co is authorised and regulated by the Financial Services Authority (FSA) No. 141242 and therefore subject to the jurisdiction of the Financial Ombudsman Service (FOS).

A leaflet detailing our own internal Complaints Handling Procedure is available on request together with booklets describing the operation of the FOS and the Financial Services Compensation Scheme (FSCS) and how to get in touch with them.

Information in this brochure is for guidance only. It is not a recommendation for CTFs or any other product or to join the Pilling Investment Management or Discretionary Service without proper consideration of your personal financial circumstances and investment needs. Whilst every effort is made to ensure accuracy, we cannot be held liable for any errors or omissions in this brochure. Past performance is not a guide to future performance, and the tax treatment of investments depends on individual circumstances and is subject to statutory change. Since the value of investments and the income they produce can go down as well as up, you may not always get back the full amount originally invested.

Important note

You have a responsibility when choosing investments for a non stakeholder CTF to ensure your selection has a suitable risk profile for the child. High risk investments may not be purchased for a CTF. We will use our best endeavours to inform you if we believe your investment choice is high risk. We reserve the right to refuse to carry out investment instructions if we believe them to be unsuitable. However, we accept no responsibility if high risk investments are purchased.

*

Taking the size of a CTF investment into account, you should be aware that if you split the funds into more than one investment, the minimum commission charges and ongoing dividend handling fees could negate any income or increase in value and affect the overall performance of the CTF. As an alternative, you may wish to consider our stakeholder CTF which is invested in a fund that gives a good spread of investments.
