Did you know you can add up to £3600.00 every year to the CTF? The money can come from friends and relatives and is often used for birthday gifts when another toy seems like a waste of money. This can ultimately help the child in later years with university fees, getting a place of their own or a car.

One of the easiest ways to put money in to the CTF is on a monthly basis by Direct Debit. This means that once you have set up the instruction you can forget about it safe in the knowledge that we will collect the money every month from your designated bank account and invest it in to the CTF for you.

We collect Direct Debits on the 1st or 15th of the month. When completing this form overleaf please state in the box headed "For Pilling & Co Official Use Only" how much you wish to pay each month and whether you want us to take the money on the 1st or the 15th each month.

It is important you also put in this box the child's full name and account number which can be found at the top right of your CTF account statement or valuation.

You must leave the "Reference Number" boxes on the left hand side of the Direct Debit form blank, as these are to be completed by us.

We can not set up a Direct Debit if you have filled in a reference number.

If you would like to make monthly payments please complete this Direct Debit form overleaf and return it to us at Pilling & Co at the address shown.
